GC-8 INDEPENDENT CONTRACTOR

Subcontractor is an independent contractor and shall be wholly responsible for the methods of its performance. Subcontractor has complete and sole responsibility for its employees, agents, lower-tier consultants, vendors, or any other persons or entities that Subcontractor hires or retains to perform or assist in performing the Services. Subcontractor is solely responsible for (A) payment of wages, benefits, and other compensation to or for its employees, (B) payment of applicable payroll, unemployment, withholding of applicable social security (FTCA) and income taxes with respect to its employees, and other taxes associated with the rendering of the Services, and (C) compliance with applicable Workers' Compensation laws with respect to maintenance of Workers' Compensation and Employer's Liability Insurance coverages. Subcontractor is fully responsible for satisfactory completion of any and all subcontracted Services.

GC-9 ASSIGNMENT AND SUBCONTRACTING

Subcontractor shall not assign, transfer, or subcontract all or any portion of this Subcontract or any of its obligations hereunder without Contractor's express, prior written permission, which shall not be unreasonably withheld. Any assignment, transfer or subcontract without such written consent shall be void. If Contractor grants permission to assign, this Subcontract shall be binding upon all respective successors and assigns.

Subcontractor may assign rights to be paid amounts due to a financing institution if Contractor is promptly furnished a written notice and a signed copy of such assignment. Payments to assignee shall be subject to set off or recoupment for any present or future claims of Contractor against Subcontractor. Subcontractor shall perform all services hereunder with its own personnel and shall not enter into a subcontract or purchase order for any portion of the work without the prior written consent of the Contractor. If assigned, all covenants, stipulations and promises of this Subcontract shall be binding upon and inure to the benefit of the parties hereto and their respective successors, assigns and legal representatives.

GC-10 OWNERSHIP OF DOCUMENTS AND DATA

Upon final payment to Subcontractor, unless otherwise specifically stated herein, Contractor and their Client own the property rights, except for copyrights, of all documents, electronic data, drawings, specifications, and information prepared, provided, or procured by Subcontractor and distributed to Contractor as part of Subcontractor's Services under this Agreement. Contractor and their Client shall have the right to use, reproduce, and make derivative works of these documents. If this Agreement is terminated prior to completion of the Work, Contractor and their Client own the property rights of all such documents and data supplied and paid for prior to termination.

GC-11 INVENTIONS, TRADEMARKS, PATENT APPLICATIONS, COPYRIGHT REGISTRATION

Unless otherwise provided, any and all works-in-progress and completed deliverables ("Intellectual Property") used, developed, or modified in the performance of Work under this Subcontract shall remain the sole property of Contractor and Client.

Works-in-progress include all partially-completed deliverables, associated work papers, narrative descriptions, reports, data, and any other materials of a similar nature which are necessary or desirable for the completion of the Work.

Upon request, Subcontractor shall execute and deliver all instruments and documents, and take other necessary actions to document the assignment, transfer and conveyance of such Intellectual Property as set forth above, to enable Contractor and their Client to obtain and enforce such patent, trademark, copyright or other similar protection for such Intellectual Property.

Notwithstanding the above, any pre-existing materials incorporated into the Work and Work Product shall be and will remain the property of Subcontractor. Subcontractor agrees and hereby grants to Contractor and their Client a perpetual, irrevocable, royalty-free, nonexclusive, worldwide license, with the rights to sublicense, use, reproduce, display, transmit, market, sell, modify, enhance and create derivative works of such materials for the purposes covered by this Subcontract. The term "pre-existing materials" shall mean all tangle items and materials conceived, developed and reduced to practice prior to or wholly independent of Subcontractor's performance of any Work hereunder.

GC-12 TIME FOR PERFORMANCE

Subcontractor agrees to use its best efforts to complete the Work within the time period prescribed herein. If Subcontractor has knowledge of any actual or potential conditions that are delaying or could possibly delay its timely performance, Subcontractor shall notify Contractor in writing within three (3) business days of such delay and the reasons therefore. The Parties will attempt, when possible, to negotiate a revised completion date.

Time is of the essence for the Work hereunder. If Subcontractor fails to comply with the delivery or performance schedule for reasons that do not justify a revision to the completion date and Subcontractor falls behind schedule, as determined by Contractor in its sole discretion, Subcontractor at its sole expense and without additional compensation, shall work extra hours, weekends, or add additional labor to catch up and maintain the schedule established by Contractor.

EXHIBIT A: GENERAL CONDITIONS

Notwithstanding the fact that this Subcontract is executed as of a specific date set forth, the Parties recognize that a portion of the Subcontractor's Work may have been performed prior to such date. If this occurs, all of Subcontractor's Work shall be governed by the Terms and Conditions of the Subcontract

GC-13 COOPERATION WITH OTHERS

Subcontractor shall fully cooperate with Contractor and others engaged in the work on the project, and shall not interfere with the performance of such work, and shall coordinate its work with the work of Contractor, other subcontractors, Owner and its agents or inspectors, and utility companies or others that may be working in the area, so that the work of the entire project may be performed with the utmost speed consistent with good practice. Contractor reserves the right to require Subcontractor to schedule the order of performance of the Work in such a manner as will minimize interference with work of any of the parties involved.

GC-14 FORCE MAJEURE

Neither Party will be liable nor be able to terminate this Subcontract for any failure to perform hereunder where such failure is proximately caused by a Force Majeure Event. A "Force Majeure Event" shall mean an event beyond the reasonable control and without the fault or negligence of the Party affected and which by exercise or reasonable diligence the said Party is unable to prevent or provide against. Any Party asserting Force Majeure as an excuse to performance shall have the burden of proving proximate cause and that reasonable steps were taken to minimize the delay and damages caused by events when known. The Party claiming Force Majeure must promptly notify the other party that the event has occurred.

GC-15 INSPECTION OF WORK AND RECORDS

Subcontractor shall maintain accounting records relating to its performance of the Work hereunder and shall make such records available to Contractor at all reasonable times during the period of performance and five (5) years after the completion of the work, or until Contractor closes out the contract with the Client, whichever is later.

Contractor and Contractor's Client have the right to inspect and test all services and supplies called for by this Subcontract at all places and times, including the period of manufacture or performance, and in any event before acceptance. If Contractor specifies an inspection system elsewhere in this Subcontract, Subcontractor shall provide and maintain such inspection system covering services and supplies under this Subcontract and shall provide only services and supplies that have been found to conform to the requirements of this Subcontract. Complete records of all inspections shall be maintained and made available to Contractor during performance and for as long as this Subcontract requires. Contractor shall perform inspections and tests in a manner that will not unduly delay the Work. Contractor assumes no contractual obligation to perform any inspection or test for the Subcontractor's benefit unless specifically set forth elsewhere in this Subcontract. Contractor's failure to inspect the service or supplies shall not relieve the Subcontractor from responsibility, nor impose liability on Contractor, for nonconformity. If Contractor performs inspection or test on the premises of Subcontractor or a lower-tier subcontractor, Subcontractor shall cause to be furnished, without additional charge, all reasonable facilities and assistance for the safe and convenient performance of these duties.

Contractor may reject or require the correction of any nonconformity. If Subcontractor is not ready for inspection at the time specified by Subcontractor, or if prior rejection makes inspection or retest necessary, Contractor may charge Subcontractor the additional cost of inspection or test. Subcontractor shall not tender for acceptance corrected or rejected services or supplies without disclosing the former rejection or requirement for correction, and shall disclose the corrective action taken.

Contractor, in addition to any other rights or remedies provided by law or under other provisions of this Subcontract, may require Subcontractor, at no increase in Subcontract price, to (1) re-perform the nonconforming services and correct or replace the nonconforming supplies or (2) reduce the Subcontract price to reflect the reduced value of Subcontractor's performance. When supplies are returned, Subcontractor shall bear the transportation cost. If within 10 days of Contractor's written notice, Subcontractor fails to re-perform or replace, as required, Contractor has the right by contract or otherwise to perform the services, replace or correct such supplies, and charge the Subcontractor the cost occasioned Contractor thereby and/or terminate this Subcontract for default under the General Condition entitled "TERMINATION."

GC-16 CONSIDERATION AND COMPENSATION

In full consideration of Subcontractor's satisfactory performance of the Work, Contractor agrees to pay Subcontractor in accordance with the terms established in the Compensation section at the beginning of this Agreement, subject to any limitations or conditions contained herein.

Unless amended in writing and signed by the Parties, Contractor is not obligated to pay any amount in excess of the stated Compensation.

Unless expressly stated, the Compensation agreed upon herein includes all sales and use taxes, franchise, excise, and other taxes and governmental impositions of all kinds, and is not subject to an addition for any such taxes or impositions assessed.

When applicable, Subcontractor shall notify Contractor in writing when the cost incurred under Cost Reimbursement or Time and Materials tasks have reached 75% of the total Compensation, or earlier if

Subcontractor has reason to believe that the costs it has incurred and expects to incur will exceed the amount authorized.

GC-17 INVOICING

a) Itemized costs – If expenses are allowed as provided in this Agreement, Subcontractor must also separately itemize these costs and provide copies of actual receipts in order to be reimbursable.

b) Invoice submittal - Subcontractor shall submit invoices on a monthly basis for all work performed and costs incurred during the previous month. The Subcontract number shown on the first page of this Subcontract MUST APPEAR ON ALL INVOICES. Invoices shall be submitted by the 28th of each month unless otherwise instructed by Contractor. Any invoice not received by the 28th day of the month may not be processed until the following month. Subcontractor acknowledges that late submission of any invoice causes damage to Contractor. Subcontractor also acknowledges that late submittal will result in delayed billing which may delay payment to Subcontractor. Any invoice received after 60 days from completion and acceptance of work will not be paid.

c) Lien Waiver and Release – (See clause GC-20) All required lien waiver/release forms (interim and/or final) must accompany the invoice. Payments will be withheld if properly executed lien waivers/release forms are not received with the invoice.

The invoice shall reference the specific month covered by the billing the specific task number, if any. If multiple tasks are being billed on the same invoice, each task order number must be specifically identified with the amount of that task order set out individually and a grand total established at the end of the invoice. All invoices must be billed in accordance with the method established by the Subcontract. Invoices shall be signed and dated by the Subcontractor, certifying that the costs included are correct and that each of

EXHIBIT A: GENERAL CONDITIONS

the personnel, sub-tier subcontractors, consultants, and suppliers provided by the Subcontractor, if any, are invoiced pursuant to their applicable labor categories and rates, when applicable.

Invoices with all backup documentation shall be submitted to Contractor electronically via e-mail to:

AP@specproenv.com

Please include your company name and Subcontract number in the Subject Line.

GC-18 TAXES

Subcontractor shall, unless otherwise stated in this Subcontract or any Task Order issued hereunder, pay all taxes, levies, duties, and assessments of every nature due in connection with the Work under this Subcontract and shall make any and all payroll deductions and withholdings required by law and hereby indemnifies and holds harmless Contractor and the Owner from any liability on account of any and all such taxes, levies, duties, assessments, and deductions.

Unless otherwise provided herein, the price of the supplies/services includes all taxes. The Parties will cooperate to provide information and certificates necessary for any tax exemption, when applicable.

GC-19 PAYMENT

Payment to the Subcontractor of an acceptable invoice shall be mailed to the Subcontractor's address stated in the Subcontract within seven (7) working days of receipt of payment by Client.

Contractor shall retain the percentage shown on the cover page of this subcontract from the amount of payment due to Subcontractor. Final payment of the Subcontract and associated task order sums, if any, will be withheld until the Subcontractor, when requested by Contractor, executes and delivers to the Contractor a Final release discharging Contractor and Contractor's Client, their officers, agents, employees and assigns from all liability, obligation, and claims arising out of or under this Subcontract.

Contractor may also withhold payment due for, but not limited to, the following reasons:

(a) Delays in the work and Contractor's reasonable belief that the unpaid balance would not be adequate to cover actual or liquidated damages for the anticipated delay or faulty work not corrected promptly;

(b) Claims or liens filed against Subcontractor or evidence that a claim or lien will be filed. If such claims or liens are deemed to affect Contractor, Contractor's Client, or the Project, then Contractor is authorized to use whatever means deemed appropriate to cause such claims or liens to be removed or dismissed and the cost thereof, together with attorney's fees, shall be immediately due and payable by Subcontractor to Contractor;

(c) Evidence that lower-tier subcontractors, suppliers or employees have not received payment. Contractor may, by direct check or otherwise, pay all lower-tier subcontractors, suppliers or employees who have not been paid the monies due them in connection with this Agreement, whether or not a bond, lien, or other claim has been filed, and Subcontractor will, to the extent that Contractor has not recovered such amounts, reimburse Contractor upon demand. Upon receipt of nonpayment information, Contractor will notify Subcontractor and Subcontractor shall have three (3) business days after receipt of notice to contradict such information, pay the balance due, or provide a satisfactory solution for payment. If one of these actions isn't taken within such time, Contractor may make payment and deduct the payment amount from Subcontractor's total compensation due under the Agreement. A unilateral modification will be issued reflecting the reduction.

(d) Subcontractor's failure to provide Contractor with proof of insurance as required herein. Contractor is required by its insurance carrier to obtain certificates of insurance from every subcontractor utilized. If Contractor fails to do so, its carrier charges it for the cost to obtain the required insurance. If Subcontractor fails to provide an insurance certificate reflecting the required coverages, or in the alternative, a waiver stating that it is not required to carry insurance by the law in the state that the Work is being performed, Contractor will obtain a quote from its own carrier as to the cost to obtain the necessary coverage and deduct that cost from the withheld payment. A copy of the quote will be included with the check. The deducted amount will only be paid to the Subcontractor if sufficient insurance is obtained prior to the completion of the project for which Subcontractor was performing work;

(e) Failure to turn in badges obtained for the project, including any badges obtained for a sub-subcontractor or union worker;

(f) Failure to submit certified payrolls when required and/or requested;

(g) Failure to submit Interim and/or Final Lien Release and Waiver when required, and

(h) Failure to submit other required Subcontract Documents, including, but not limited to As-Built Plans, warranties, guaranties, instruction manuals, spare parts, extra material, and other required documents. The listing of specific documents herein is not all-inclusive or limiting to any other documents not referenced.

Progress payments or other payments, if any, do not constitute specific acceptance of work. The only acceptance shall be a final acceptance of all work, including completion of all warranty periods. A condition precedent to Contractor's acceptance of Subcontractor's work is the Client's acceptance of the same work. Irrespective of any payments made, Contractor has the right to require a refund for defective work or defective invoicing, and no payment will be deemed to be a waiver of any rights and remedies Contractor is entitled to by operation of contract or law.

Payment may be withheld on this Subcontract and/or other active subcontracts between the Parties.

A completed W-9 form must be submitted before any payments hereunder can be made.

GC-20 LIEN WAIVER AND RELEASE

As a prerequisite for payment, Subcontractor shall submit a "Lien Waiver and Release" attached to hereto for the amount previously received by the Subcontractor and its lower tier subcontractors, vendors or suppliers, if any, utilized for the Work and must be signed by a duly authorized company representative. If the Subcontract is for Construction, an interim release is required for each invoice for progress payments and a final release is required with the invoice for final payment. Payment shall not be made until the required lien waivers have been properly executed by the Subcontractor and all of its lower tier subcontractors (if any). Subcontractor's failure to obtain the Lien Waiver and Release from all lower tier subcontractors, vendors, and suppliers will constitute a waiver of any kind against Contractor and its sureties resulting from nonpayment to any lower tier subcontractor, vendor, or supplier not disclosed to Contractor. Release and lien waivers must be submitted using the forms attached hereto. No other forms will be accepted. Facsimile or other electronic transmittals of the forms are acceptable, however, the sender is responsible for ensuring receipt and only legible copies will be accepted. All Lien Waiver and Release Forms must be submitted with Subcontractor's invoices. If Subcontractor will be using union labor in the performance of the Work, a Lien Waiver and Release is required from the fund manager for all payrolls invoiced.

EXHIBIT A: GENERAL CONDITIONS

GC-21 INSURANCE

(a) The Subcontractor shall procure and maintain insurance coverages as required by the Owner and/or Contractor at Subcontractor's sole expense and with insurance companies mutually agreeable to the Contractor and Subcontractor. Prior to moving on the site or starting the Subcontract Work, whichever is earlier, Subcontractor must submit a certificate of insurance naming Contractor as the certificate holder, reflecting its general liability, umbrella, workers' compensation, automobile, equipment, and professional coverages required on the Project. Subcontractor shall maintain such coverage throughout the period of performance of this Subcontract and all warranty periods applicable to the Work being performed by Subcontractor. In the event the Subcontractor fails to obtain insurance coverage required under this Subcontract, the Contractor may terminate this Subcontract for default.

(b) **ADDITIONAL INSURED.** Subcontractor shall, in addition to and without limitation of the requirements established herein, cause the insurance policies described herein to include Contractor, its parent, subsidiaries and affiliated companies or of any named working interest owners or joint ventures and all of their officers, directors and employees as additional insureds except for Workers' Compensation and Professional Liability coverages. The Subcontractor's insurance shall include contractual liability insurance covering the Subcontractor's obligations under this Subcontract and shall provide specific policy coverage to Subcontractor, Contractor and Owner for the generally insurable elements of the indemnity and hold harmless agreement contained in Article entitled Indemnification. All policies shall provide coverage on a primary basis.

(c) **REQUIRED LIMITS OF LIABILITY.** The general liability, umbrella, workers' compensation, automobile, equipment, and professional coverages, required, shall be written with limits of liability as listed below at (j).

(d) **NUMBER OF POLICIES.** Comprehensive or Commercial General Liability Insurance and other liability insurance may be arranged under a single policy for the full limits required or by a combination of underlying policies with the balance provided by an Excess or Umbrella Liability Policy.

(e) **WAIVER OF RIGHTS.** Subcontractor's insurance will be primary, and Contractor's and Owner's insurances will be secondary and non-contributing at all times. Subcontractor shall require all lower-tier subcontractors to maintain the required insurance for the duration of the Subcontract and to produce evidence of such insurance as may be reasonably requested by Contractor. Subcontractor agrees to waive any and all rights of subrogation which it or its insurers have or may have against Contractor or Owner and their agents, representatives, employees, officers, directors, sureties, and insurers for any loss, expense or damage to the extent covered by Subcontractor's insurance or any other property or equipment insurance, except such rights as they may have to the proceeds of such insurance; provided, however, that such waiver shall not extend to the acts or omissions of the Subcontractor's subcontractors, consultants, and the agents or employees of any of them.

(f) **LOWER TIERS.** Subcontractor shall be responsible for any liability arising directly or indirectly out of the work performed by each of its lower tier subcontractors that is not otherwise covered by such Subcontractor's insurance.

(g) **NOTICE.** Subcontractor must notify Contractor immediately in the event any insurance coverage required by this Subcontract has or will become ineffective for any reason. The notice shall provide the date(s) and identify the specific coverage(s) that has or will become ineffective and a certificate of replacement or continued insurance showing evidence of coverage as required by this Subcontract or a request for Contractor to obtain replacement insurance coverage at Subcontractor's expense or terminate this Subcontract for default. If Subcontractor's insurance coverage becomes ineffective and the Subcontractor has failed to provide the above-required notice, the Subcontractor shall indemnify Contractor against any claim resulting from Subcontractor's liability arising out of Subcontractor's operations, completed or otherwise, under this Subcontract that is not covered by Subcontractor's insurance. Subcontractor's failure to provide insurance, as required by this Subcontract, may result in withholding of payment in accordance with General Condition GC-19 PAYMENT.

(h) **OPERATIONS LIABILITY.** The Subcontractor shall maintain completed operations liability insurance for one year after acceptance of the Subcontract Work, substantial completion of the project, or to the time required by the Subcontract Documents, whichever is longer. The Subcontractor shall furnish the Contractor evidence of such insurance at the time of completion of the Subcontract Work.

(i) **ENDORSEMENT** If the policies of insurance referred to in this Article require an endorsement to provide for continued coverage where there is a waiver of subrogation, the owners of such policies will cause them to be so endorsed.

(j) **INSURANCE LIMITS:** In accordance with the Article entitled Insurance of the Subcontract, Subcontractor shall provide and maintain coverage with limits of liability as follows:

1. Commercial General Liability Insurance including products-completed operations with a limit of \$1,000,000 Each Occurrence, \$2,000,000 General Aggregate
2. Automobile Liability Insurance with a combined single limit of not less than \$1,000,000 Each Accident
3. Workers' Compensation and Employer's Liability Insurance with statutory limit for Workers' Compensation and Employer's Liability limits as follows:

 - 3.3. Bodily Injury by Disease: \$1,000,000 policy limit
 - 3.4. For monopolistic states (WA, WY, OH, ND) Workers' Compensation, and when applicable, Employer's Liability, must meet the referenced limits and be provided by the applicable state- administered program.

4.0 If checked, PROFESSIONAL LIABILITY INSURANCE is required for this Subcontract. When required, Subcontractor and all lower-tier subcontractors shall obtain professional liability insurance for claims arising from the negligent performance of

EXHIBIT A: GENERAL CONDITIONS

professional services under this Subcontract, written for \$1,000,000 per claim and in the aggregate. Professional Liability Insurance shall contain coverage sufficient to cover all services performed by the Subcontractor.

- 5.0 If checked, CONTRACTOR'S POLLUTION LIABILITY INSURANCE is required for this Subcontract. When required, Subcontractor and all lower-tier subcontractors shall obtain pollution liability insurance for claims arising from the negligent performance of services involving demolition of pre-existing structures, excavation, moving or removal of any hazardous or contaminated materials, or handling of any hazardous or contaminated materials (to include asbestos and lead) written for \$1,000,000 per claim and in the aggregate.

These requirements shall be continued in effect for three (3) year(s) after the Date of Substantial Completion. The deductible shall be paid by the Subcontractor.

GC-22 CHANGES

Except as provided in the clause entitled "Payment", this Subcontract may not be and shall not be deemed or construed to have been modified, amended, rescinded, canceled or waived in whole or part, except by written instruments signed by the Contractual Representatives.

Subcontractor expressly agrees that this requirement cannot be waived. If at any time, Contractor either verbally or in writing requests services or directs Subcontractor to act in a manner that Subcontractor considers outside the Scope of Work, Subcontractors shall, within seven (7) business days and prior to pursuing such instruction, notify Contractor in writing. Contractor shall evaluate, and if appropriate, negotiate a Change Order to the Contract. Unless so notified by the Subcontractor, Contractor shall assume such instructions have not changed any provision of the Contract Documents and Subcontractor shall be required to complete work or furnish materials as directed by Contractor. No additional payments shall be made to Subcontractor without such notice and written Change Order signed by Contractor's Contractual Representative issued IN ADVANCE of work being performed.

Contractor may direct Subcontractor to perform incidental changes in the Subcontract Work which do not involve adjustments in the Subcontract Price or Subcontract Time. Incidental changes shall be consistent with the scope and intent of the Subcontract Documents. The Contractor shall initiate an incidental change in the Subcontract Work by issuing a written order to the Subcontractor. Such written orders shall be carried out promptly and are binding on the Parties.

Contractor may, at any time, without nullifying this Subcontract, issue a written Subcontract Change Order to make adjustments in the Subcontract Price or Subcontract Time in any one or more of the following: (i) description of services to be performed; (ii) time of performance; (iii) place of performance; (iv) place of delivery; and/or (v) to incorporate changes imposed by the Client.

Contractor's authorized representative(s) may, at any time, by written notice, and without notice to sureties and assigns, if any, make changes within the general scope of the Subcontract in any one or more of the following: (i) description of services to be performed; (ii) time of performance; (iii) place of performance; (iv) place of delivery; and/or (v) to incorporate changes imposed by the Client.

When, in the Subcontractor's opinion, any such change from Contractor or Contractor's Client, constitutes an increase or decrease in the Subcontract price or the time required for the performance of the Work, or otherwise affects any other terms or conditions of this Subcontract, Subcontractor shall notify Contractor's Authorized Representative immediately in writing within twenty (20) business days from the date of receipt of notice of the change, unless the Parties agree in writing to a longer period of time. Upon request from Contractor, Subcontractor may be required at a later date to submit a formal written request including all necessary supporting documentation to justify the modification. A Change Order/Modification constitutes complete agreement between the Parties for the changes. Only Contractor's authorized representatives as set forth herein have authority to modify this Agreement.

Failure to agree to any adjustment shall be resolved in accordance with the clause entitled "Resolution of Disputes" contained herein. However, nothing contained in this Changes clause shall excuse Subcontractor from proceeding without delay in the performance of this Subcontract.

GC-23 COMPLIANCE WITH LAWS

Subcontractor hereby agrees that it and its lower-tier subcontractors possess and will maintain throughout the term of this Subcontract all required permits, licenses, certifications, and other approvals required to perform the Work and its obligations hereunder. Additionally, Subcontractor agrees to comply with all federal, state, and local laws, statutes, ordinances, executive orders, rules, and regulations applicable to the Work and Subcontractor's performance hereunder. Subcontractor shall require its lower-tier subcontractors, if any, to certify and represent their compliance with applicable laws. Subcontractor will indemnify Contractor for any liability incurred by Contractor as a result of breach of any such obligation. Upon request, Subcontractor shall submit all documentation necessary to evidence its compliance.

GC-24 INDEMNITY

Each party shall hold the other, the Owner, together with their agents, servants, employees, representatives, officers, directors, sureties and attorneys, harmless from and against and shall indemnify the other for all claims, bodily injury, death or damage to real or tangible property, taxes, liability, loss, costs, expenses, or damages to the extent of its negligent acts or omissions in performing under this Agreement. Subcontractor warrants that it carries adequate insurance to cover its indemnification obligations hereunder, as specified in the Insurance provisions set forth in this Subcontract Agreement. The obligations of this clause (i) shall not be construed to negate, abridge, or reduce other rights or obligations of indemnity which would otherwise exist as to a party or person described in this clause and (ii) shall not be limited to claims, damages, losses and expenses arising from third party claims.
